## **DETAILED ACTION**

### ***Response to Amendment***

1. Applicant's amendment and accompanying remarks filed 06/20/05 have been fully considered and entered. Claim 1 has been canceled and claims 2 and 7 have been amended as requested. Applicant's cancellation of claim 1 renders moot the prior art rejections made over Benim et al., as set forth in the last Office Action. As such, these rejections are hereby withdrawn.

### ***Information Disclosure Statement***

2. The information disclosure statement (IDS) filed 04/29/05 is in compliance with the provisions of 37 CFR 1.97. Accordingly, the examiner has considered the information disclosure statement.

### ***Allowable Subject Matter***

3. The following is an examiner's statement of reasons for allowance: claims 2-16  
Specifically, the prior art of record fails to teach the claimed synthetic condensation polymer composition set forth in claim 7. An updated art search did not produce any new substantial art for which to base a rejection and presently there is no motivation to combine references to form an obviousness type rejection.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
